KALIDE

pitch deck

transpose the
transcribed
performance onto
entirely new
instruments.

it's like DJing in
3 dimensions.

KALIDE

pitch deck

how does it work?

when you bring a song into Kalide, it's automatically broken down into hundreds of elements and descriptors ready to be effortlessly reassembled into dazzling new arrangements limited only by your imagination.

Original

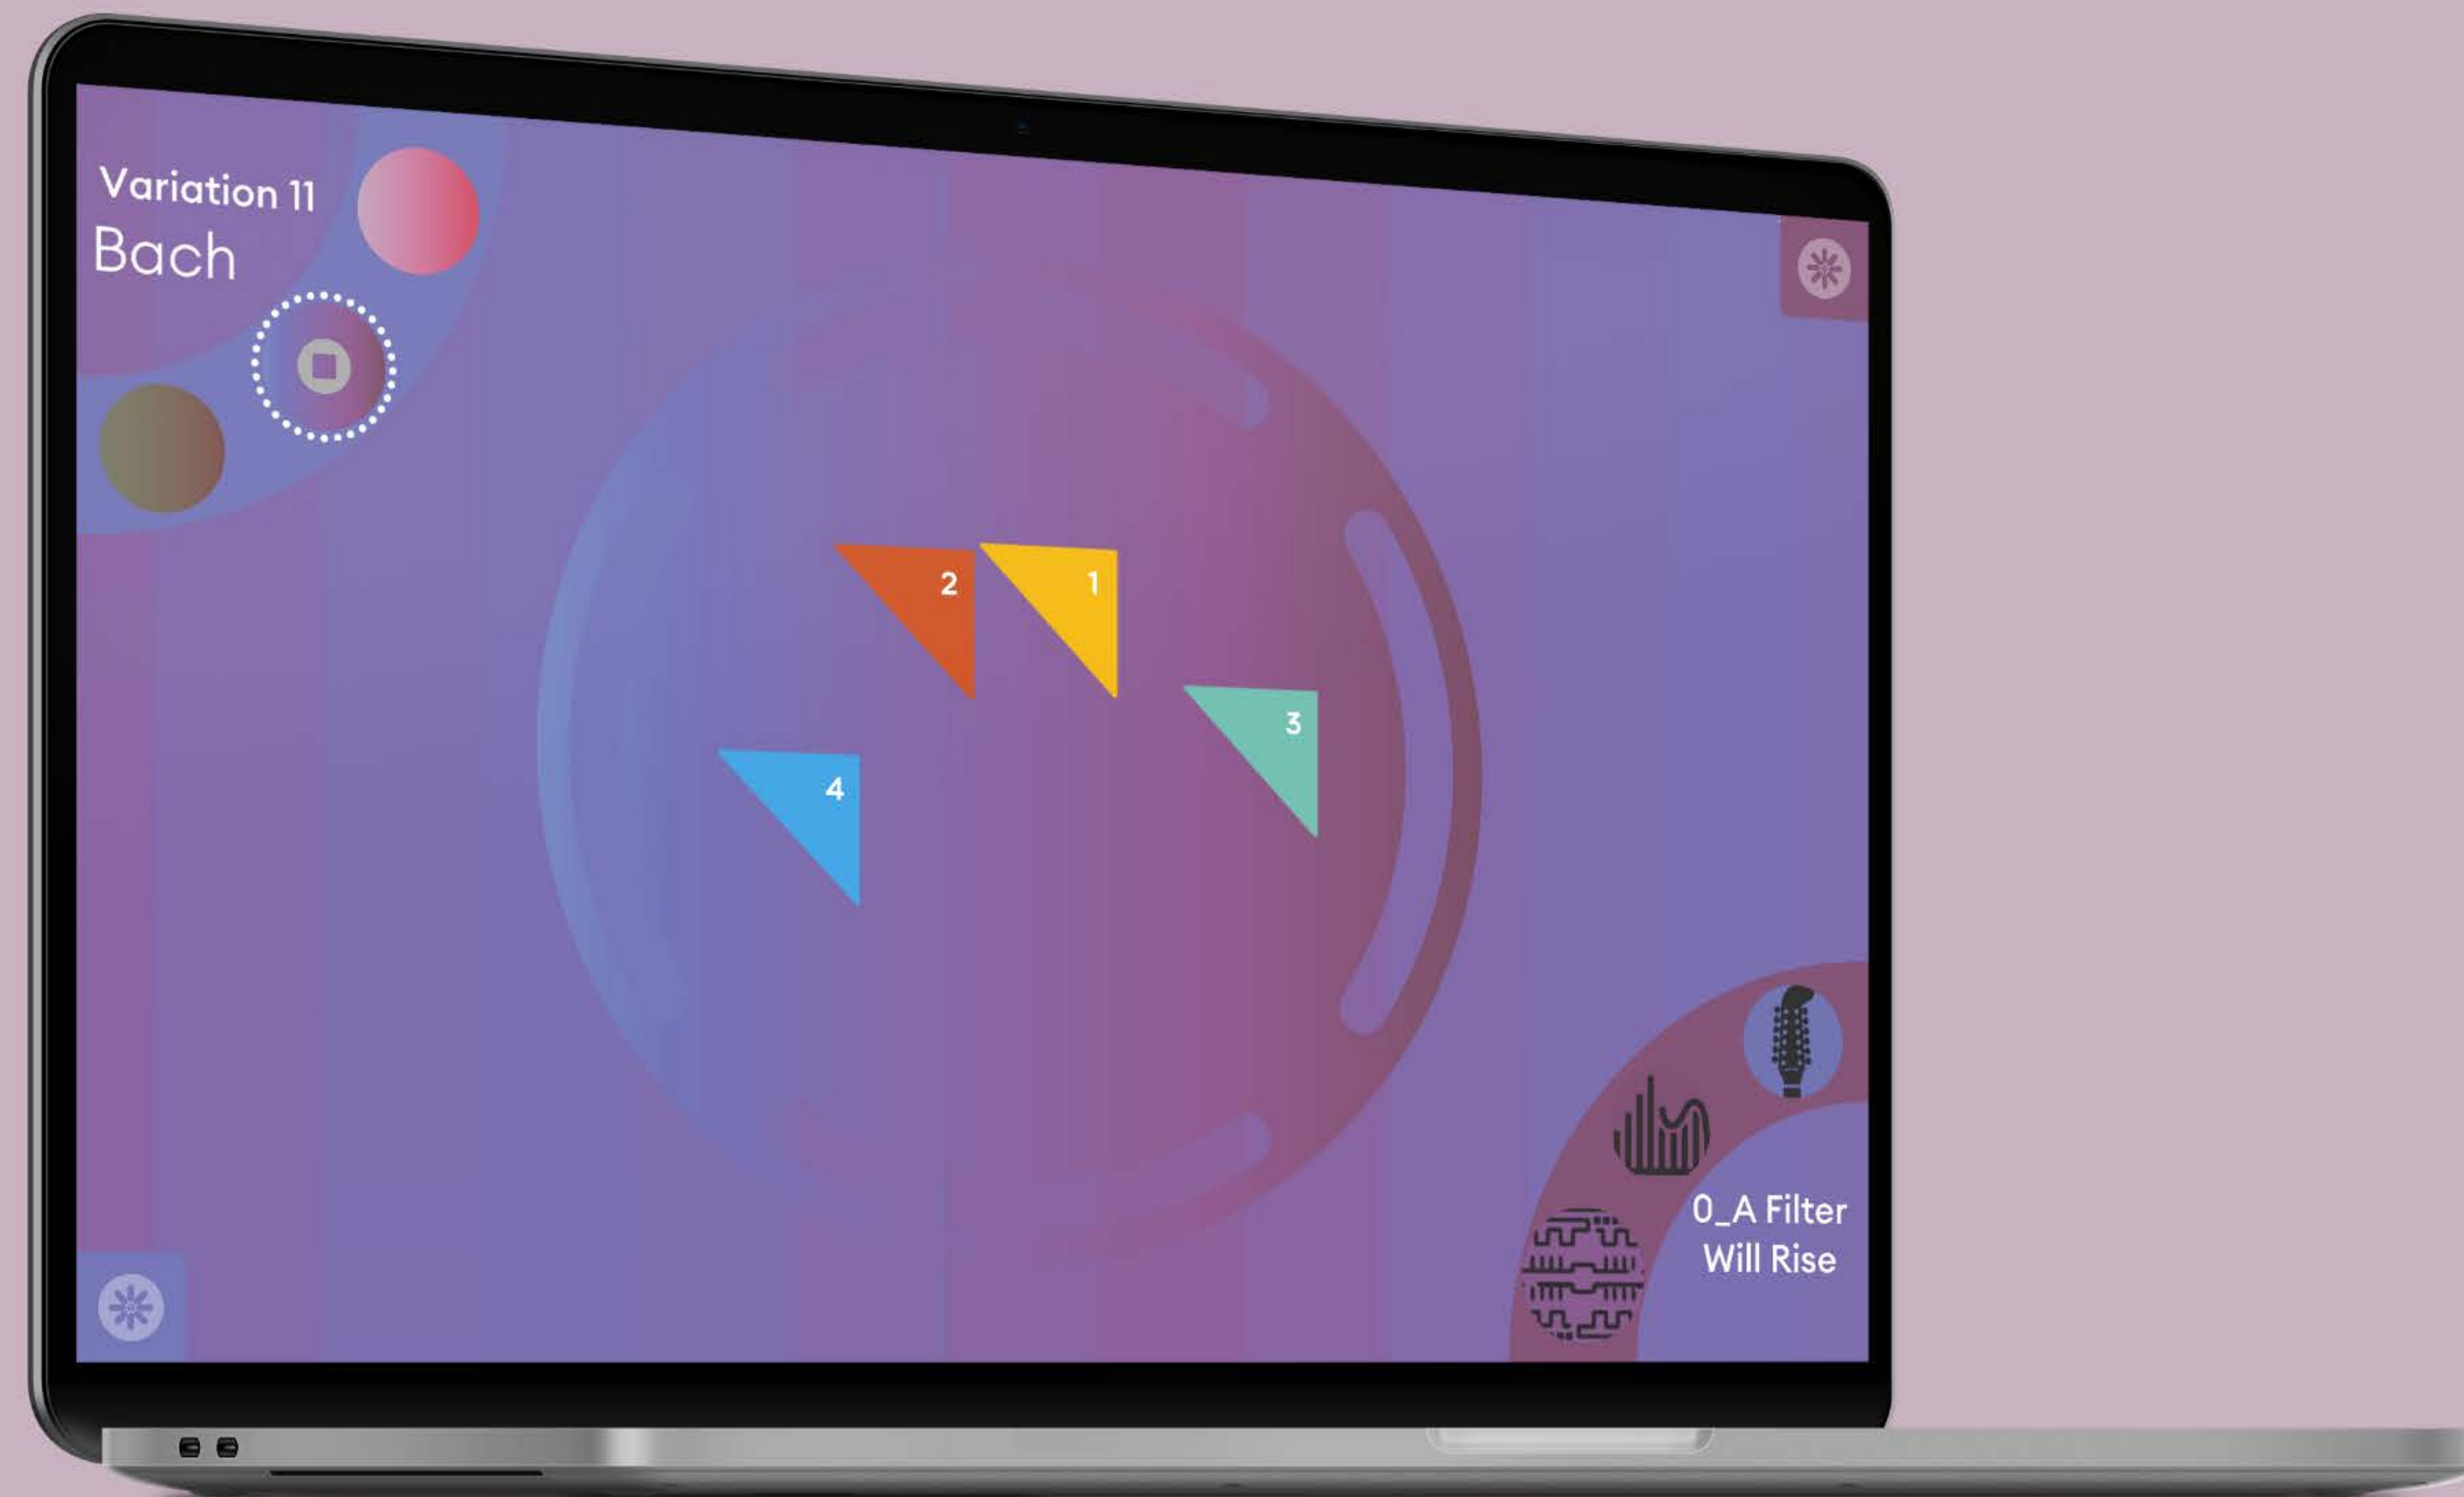

Kalide

KALIDE

pitch deck

uses

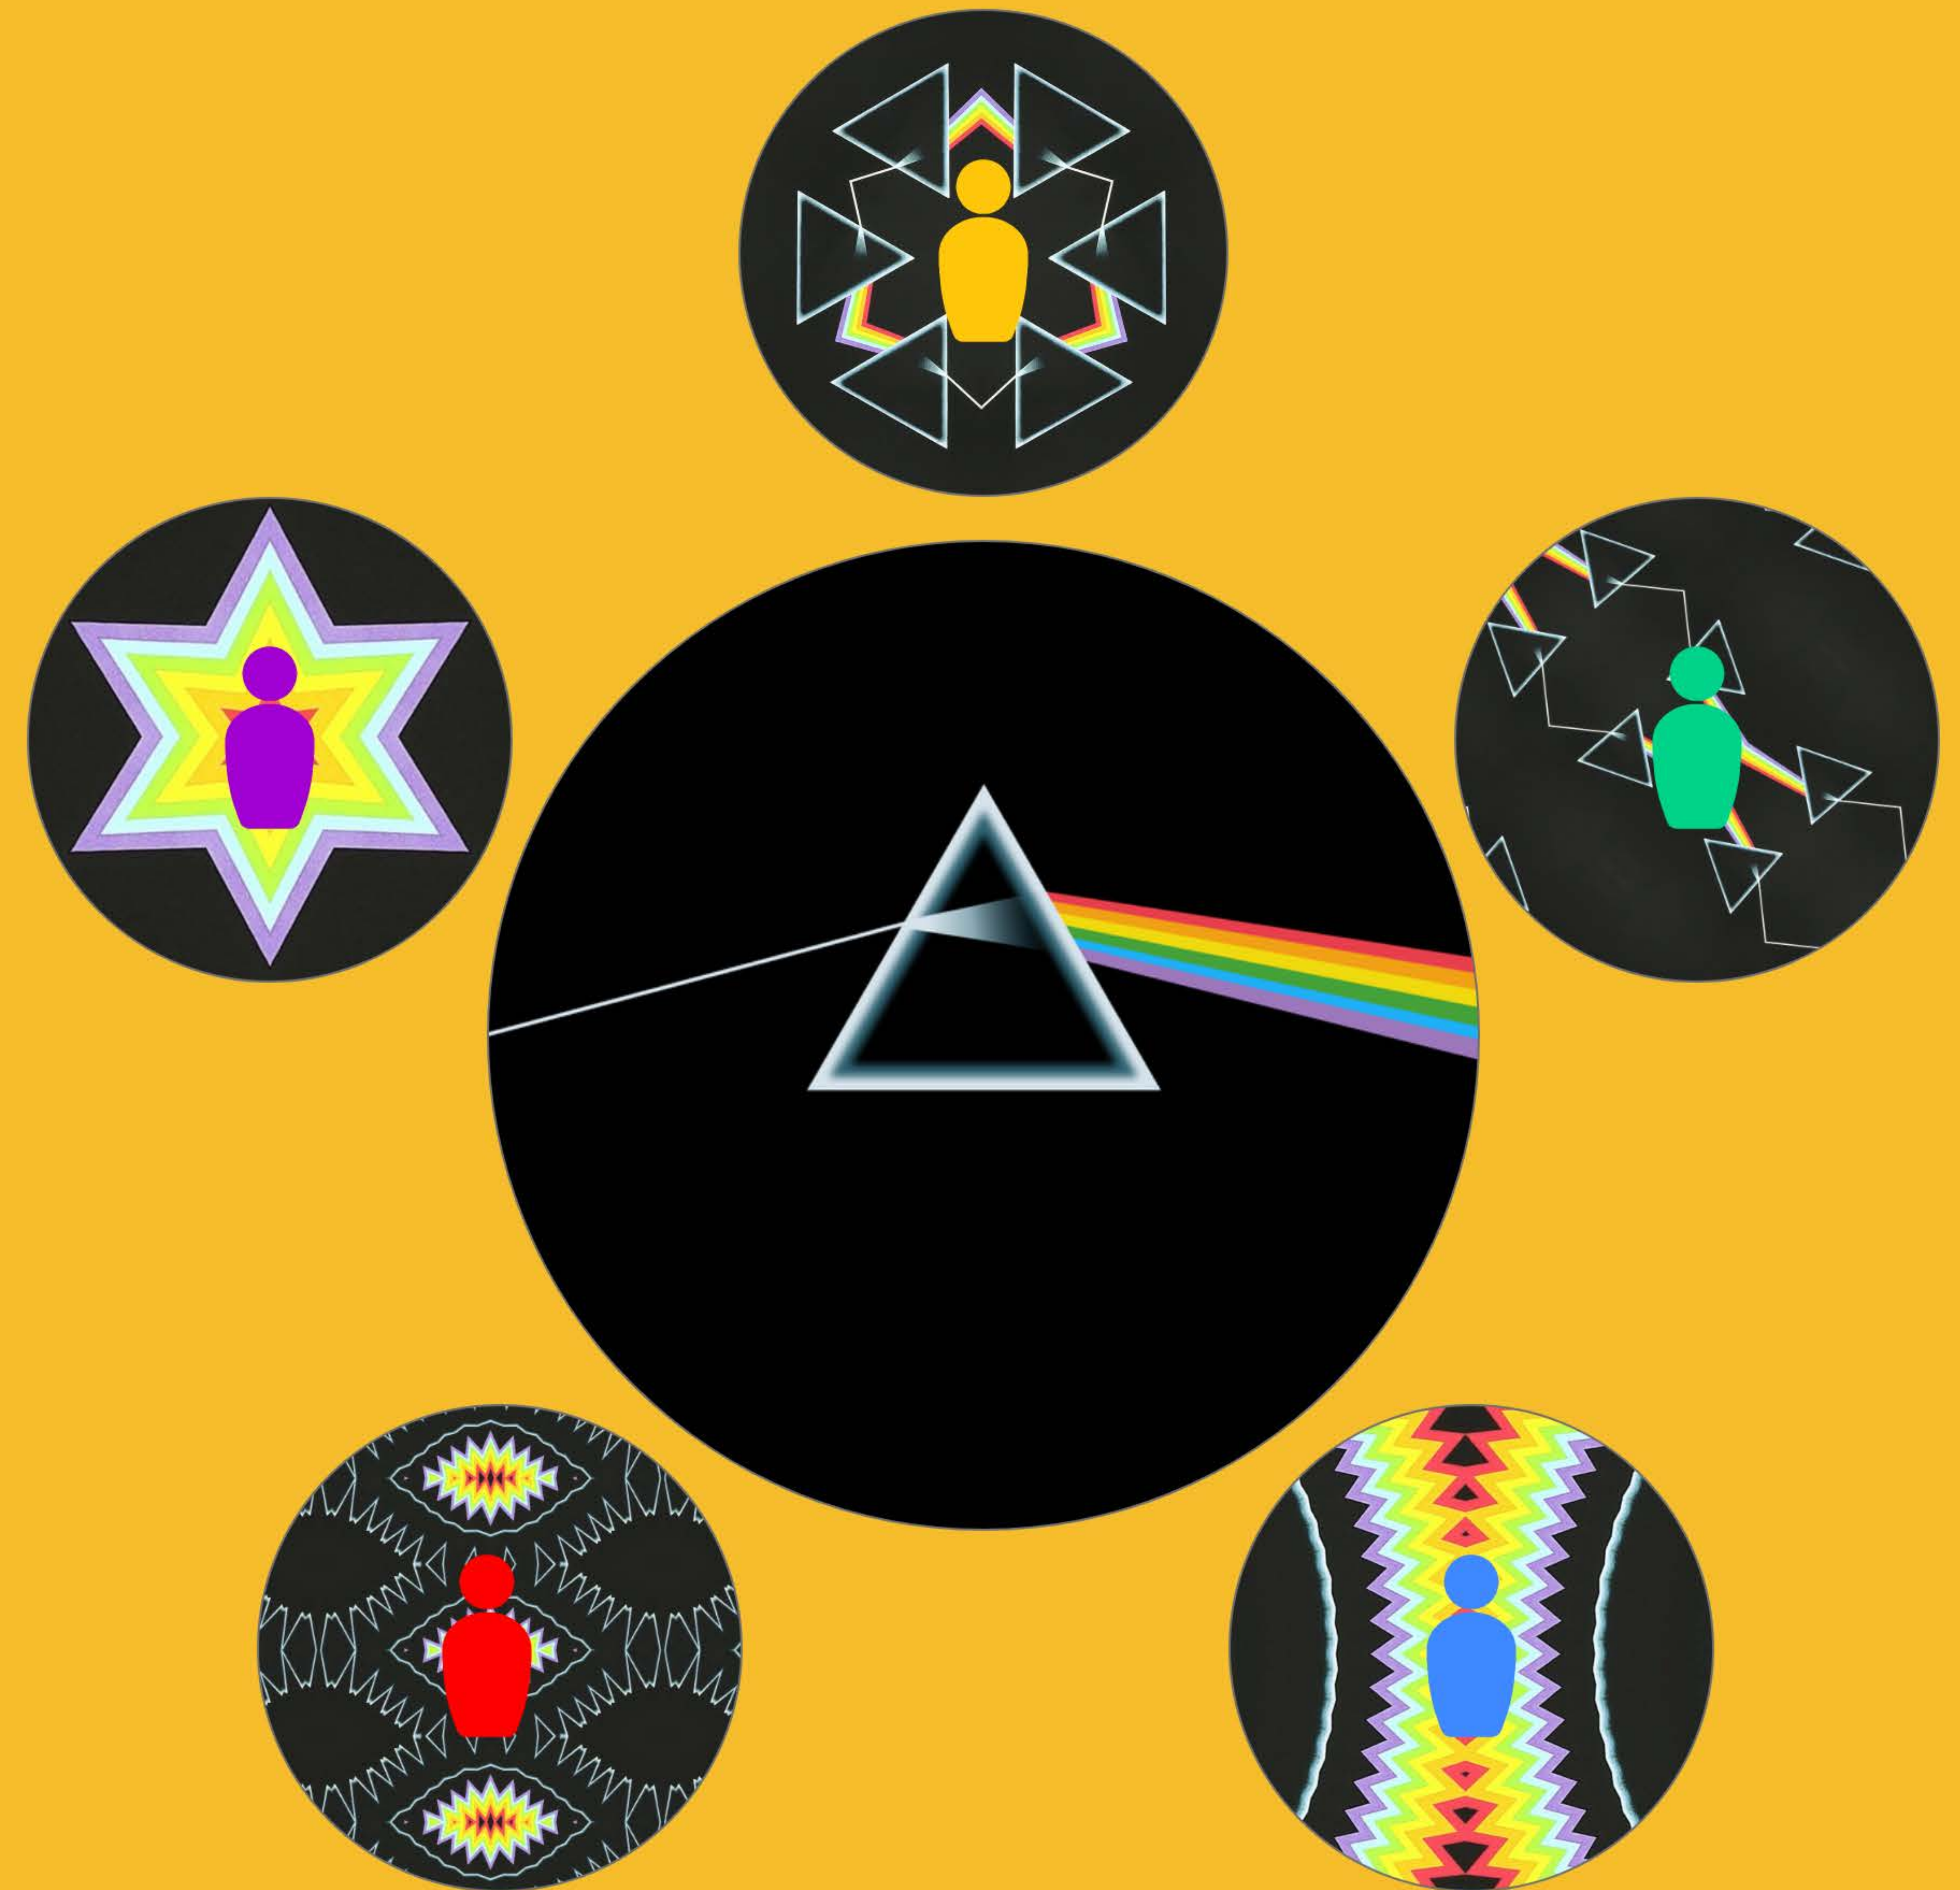

- create a new sonic backdrop under your favourite vocal performance
- play along in key with friends through expressive interactions
- set an endless ambient score in motion out of the bridge of a song
- build and share instruments from the sounds around you
- add new rhythms and effects to your DJ set
- quickly prototype new arrangements for your own compositions
- learn the fundamentals of music theory

KALIDE

pitch deck

song a day

every day a different song is available for users to rework. like the popular word game Wordle that releases one puzzle a day, this adds immediacy and a sense of shared experience as users add their own creative flair and celebrate each others.

KALIDE

pitch deck

kalide radio
